

Date: ___/___/20___ **part II**Day: **MTWTFs****Q#1**

There are three ways such as passive behavior, aggressive behavior, assertive and behavior. In passive behavior, student needs to take care of the teacher respect while requesting for grade. However, aggressive behavior is not an option at all because teacher will respond and penalize student even further. Third option can assertive behavior which is middle way. not too harsh not so polite. It ~~must~~ ^{will} be practiced at last resort.

Q/6

Date: 1 / 20

Day: MTWTF

The given case study provides an inside insight into problem faced the team as there was no team collaboration.

The following ^{case} analysis will focus on the reasons of poor collaboration and will suggest solutions to overcome this scenario. Further, There will be recommendations regarding the implications.

The case study starts with the story of Qasim, who is novice selected for internship with his seniors and feeling imbitious to work as he has already gained relevant experience. It was the dream of Qasim to work in such a competitive environment even at the time when he was doing his MBA in human resource management.
